

WNC Colleges & Universities & LGBTQ Youth

We surveyed universities, colleges and community colleges throughout Western North Carolina about whether they had a campus LGBT organization (or equivalent), participated in the Safe Zone movement (which seeks to create a climate of safety for all including LGBT persons), nondiscrimination policies for LGBT students, faculty and staff, and if counseling services were available, was it a supportive environment for LGBT youth. The information has been provided in part by the responding institutions. For contacts and additional information contact us at info@youthoutright.org or 828.772.1912.

[Appalachian State University](#) (Watauga County)

- SAGA - Sexuality and Gender Alliance
